About us

Atmooz by Charrell

Atmooz [at-moos]: derived from atmos-sphere | sets the mood | atmospheric lighting & decor

Charrell Home Interiors zorgt al 20 jaar met een aanzienlijke dosis passie voor het interieur van je dromen. Collecties worden samengesteld. Interieurs worden volledig uitgetekend en persoonlijk opgevolgd tot plaatsing. Er wordt gezorgd voor een totaalconcept voor jouw interieur. Vanuit deze visie groeide dan ook de eigen collectie aan verlichting en decoratie om in 2019 als ATMOOZ zijn eigen weg te gaan.

Broers Yannick en Didier Breckpot zijn de bezielers van Charrell & Atmooz en omringen zich met een enthousiast team. Met de neuzen in dezelfde richting wordt er samen getrokken aan dezelfde kar. Atmooz verkoopt internationaal aan particulieren en professionals uit de interior business en restaurants & hotels.

Atmooz wil mensen inspireren om zélf de look & feel van hun interieur te bepalen.

Aan de collectie wordt continu gesleuteld. Nieuwe items worden doordacht en met nadruk op kwaliteit en schoonheid ontwikkeld. Pas wanneer een nieuw ontwerp de kenmerkende Atmooz-vibe ademt, wordt het opgenomen in de familie.

Atmooz staat voor betaalbaar hedendaags design mét een knipoog. Een coherente collectie verlichting & decoratie in een luxueus jasje.

Maak kennis met onze collectie op www.atmooz.com. De volledige collectie kan je eveneens live ontdekken in de Charrell conceptstores in Geel en Rijmenam.

Je bent van harte welkom!

For 20 years, Charrell Home Interiors has been helping you create the interior of your dreams with passion and enthusiasm. Collections are compiled, interiors are detailed and personal guidance offered until everything is in place. In other words, we provide a total concept for your interior. This vision formed the basis of a custom collection of lighting and decoration that resulted in ATMOOZ and a whole new direction in 2019.

Brothers Yannick and Didier Breckpot are the driving force behind Charrell & Atmooz and have surrounded themselves with an enthusiastic team. Each member which pulls his or her own weight in pursuing a joint effort and purpose.

Atmooz sells its products to private individuals and professionals in the interior business, as well as restaurants and hotels around the world.

Atmooz aims to inspire people to be the brainchild behind their own interior design.

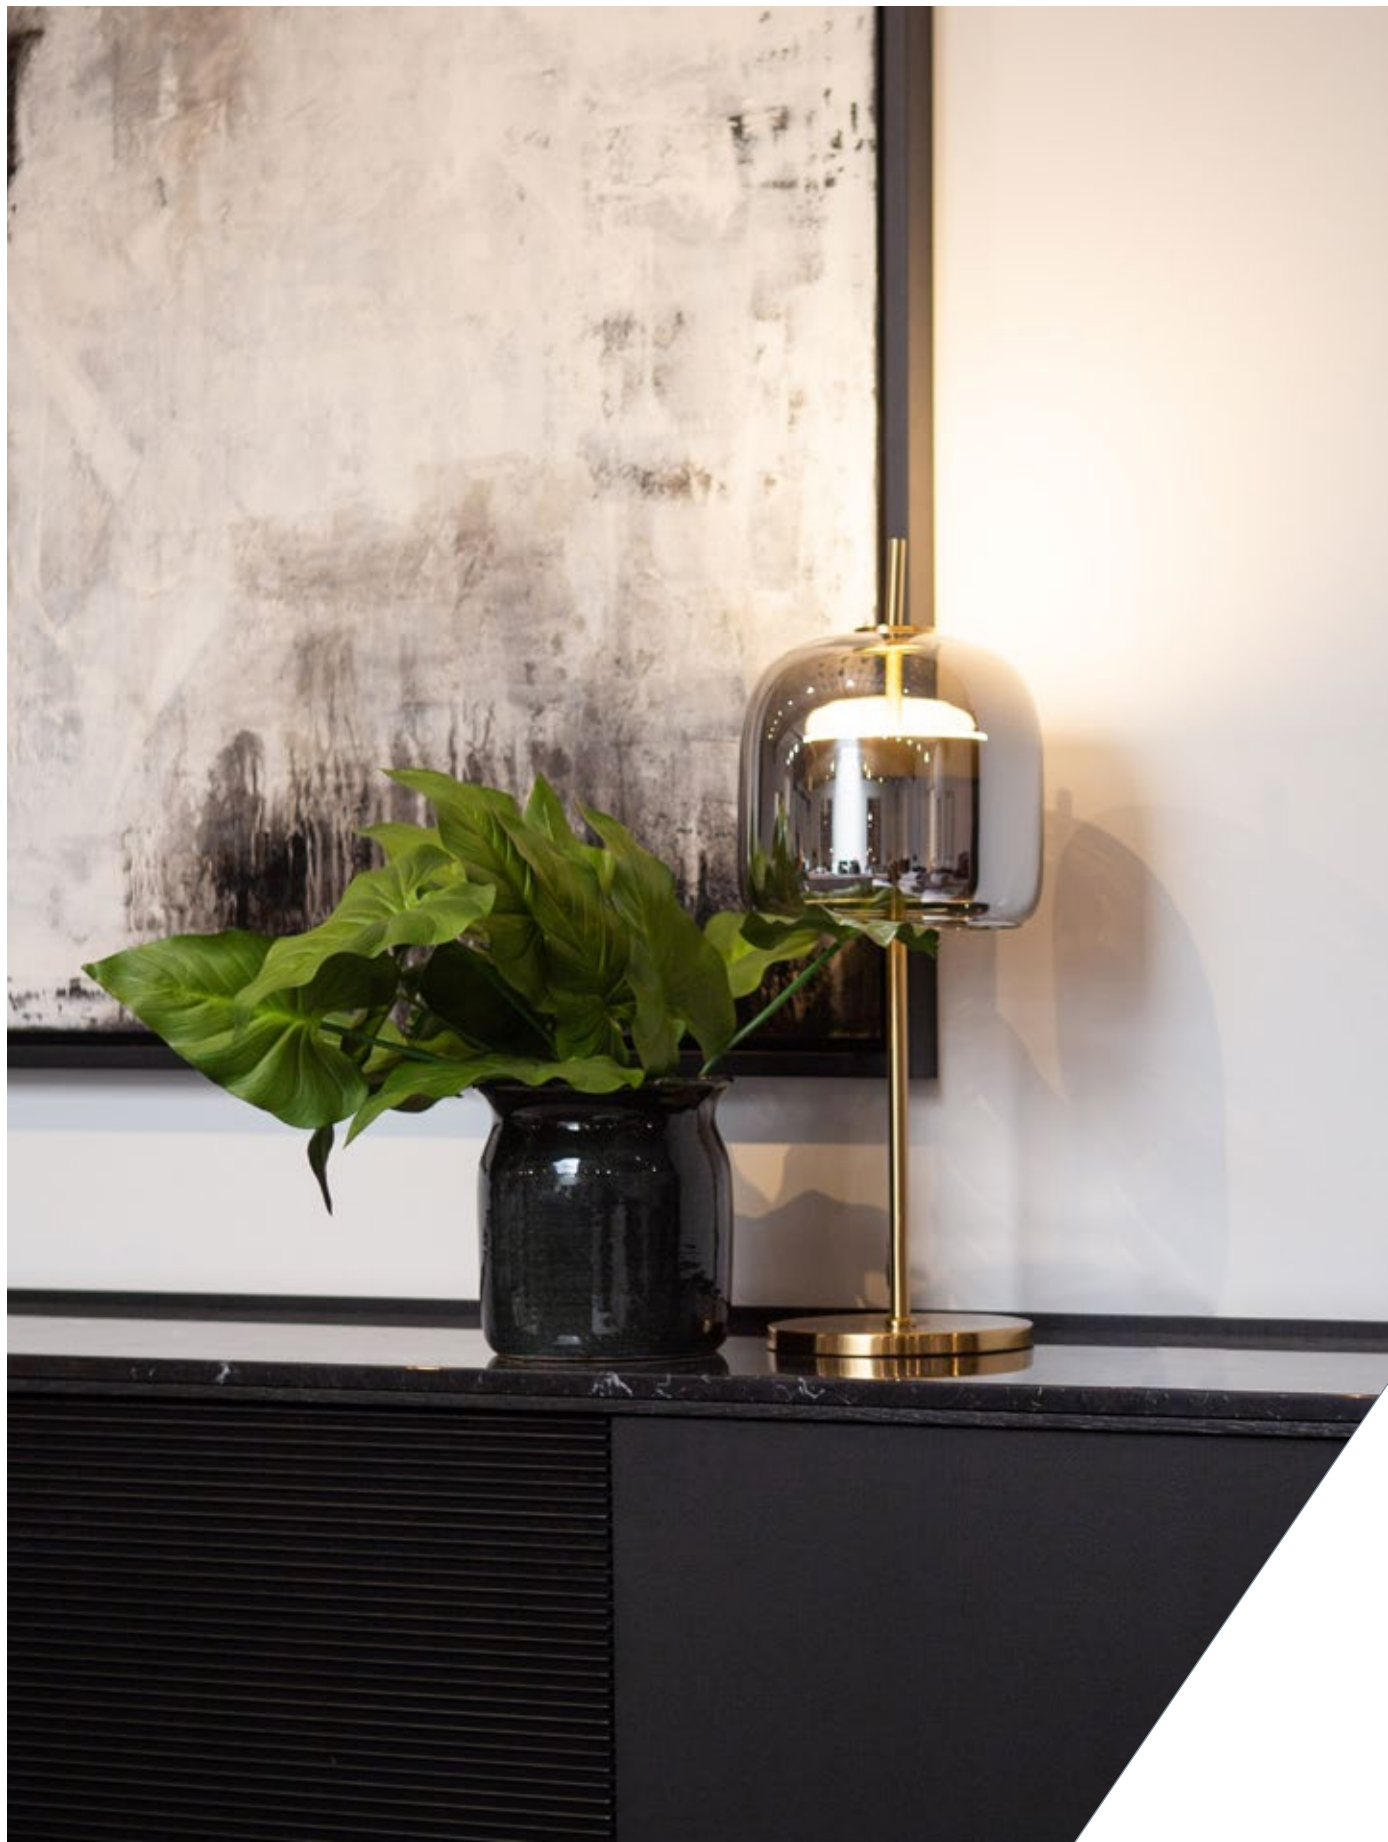

The collection is continuously updated and enhanced. New items are designed and developed with an emphasis on quality and beauty. A new design is not added to the collection until it perfectly expresses the distinct Atmooz vibe.

Atmooz is synonymous with affordable contemporary design with a playful twist, a coherent collection of lighting & decoration with a luxurious touch.

Discover our collection at www.atmooz.com. The entire collection can also be admired live at the Charrell concept stores in Geel and Rijmenam.

Welcome to the world of Atmooz!

Lighting / Ceiling lights

‘Lighting effects everything light falls upon. How you see what you see, how you feel...’

– Jean Rosenthal

In addition to functionality, beauty is a talent the ceiling light must possess. Modestly knowing its place as wingman or proudly stepping up as main protagonist.

A touch of Black & Gold

Black and gold bring out the best in each other. Black gives gold extra edge and mystery, gold adds luxury and warmth in return. The mix of black and gold is a perfect method of bringing back the mid-century style to your interior. Good to know: Our wall sconces are made of the same materials as the floor- and table lamps. Combine them all and you will create some greatness!

Final touches

When all is finished, when all is ready... only the details remain. Like Charles Eames once said: '... details make the design'. The perfect towel holder in the bathroom connects perfectly with the design of the umbrella holder in the hall. The material of the mirror is exactly the same as the side table in the living room. Paying attention to the details helps to set a unique mood...
